SUMMARY

This circular officially announces the launch and availability of the new BIR Taxpayer Portal and outlines the guidelines for its initial pilot implementation specifically targeting the Large Taxpayers Service (LTS).

While specific functionalities may be introduced in phases, such portals typically allow pilot users to:

1. View their Certificate of Registration (COR) details and branch information
2. Check their tax compliance status and history of filed returns/payments
3. Track tax payments
4. View of account ledger per tax type/form type
5. Receive system-generated notifications and tax reminders

To ensure system stability and gather user feedback before a nationwide rollout, the portal is first being deployed to taxpayers registered under the LTS. Large taxpayers covered by the pilot implementation will be provided with specific instructions and credentials (or registration procedures) by their respective LTS offices to access the portal.
